CAUTION

Anyone who uses the Sega Dreamcast should read the operating manual for the software and console before operating them. A responsible adult should read these manuals together with any minors who will use the Sega Dreamcast before the minor uses it.

HEALTH AND EPILEPSY WARNING

Some small number of people are susceptible to epileptic seizures or loss of consciousness when exposed to certain flashing lights or light patterns that they encounter in everyday life, such as those in certain television images or video games. These seizures or loss of consciousness may occur even if the person has never had an epileptic seizure.

If you or anyone in your family has ever had symptoms related to epilepsy when exposed to flashing lights, consult your doctor prior to using the Sega Dreamcast.

In all cases, parents should monitor the use of video games by their children. If any player experiences dizziness, blurred vision, eye or muscle twitches, loss of consciousness, disorientation, any involuntary movement or convulsion, IMMEDIATELY DISCONTINUE USE AND CONSULT YOUR DOCTOR BEFORE RESUMING PLAY.

To reduce the possibility of such symptoms, the operator must follow these safety precautions at all times when using the Sega Dreamcast.

- Sit a minimum of 6.5 feet away from the television screen. This should be as far as the length of the controller cable.
- Do not play if you are tired or have not had much sleep.
- Make sure that the room in which you are playing has all the lights on and is well lit.
- Stop playing video games for at least ten to twenty minutes per hour. This will rest your eyes, neck, arms and fingers so that you can continue comfortably playing the game in the future.

OPERATING PRECAUTIONS

To prevent personal injury, property damage or malfunction:

- Before removing the disc, be sure it has stopped spinning.
- The Sega Dreamcast GD-ROM disc is intended for use exclusively on the Sega Dreamcast video game system. Do not use this disc in anything other than a Sega Dreamcast console, especially not in a CD player.

- Do not write on or apply anything to either side of the disc.
- Store the disc in its original case and do not expose it to high temperature and humidity.
- Do not leave the disc in direct sunlight or near a radiator or other source of heat.
- Use lens cleaner and a soft dry cloth to clean the disc, wiping gently from the center to the edge. Never use chemicals such as benzene and paint thinner to clean the disc.

2 TRAPPED!

It all began as an ordinary day in September. An ordinary day in Raccoon City, a city controlled by Umbrella Corporation.

No one dared to oppose Umbrella, and that lack of strength would ultimately lead to the city's destruction.

If only they had the courage to fight ...

Once the wheels of justice began to turn, nothing could stop them – nothing! But it may already be too late.

Now it's Raccoon City's last chance and my last chance ...

My last escape ...

- Never touch the Analog Thumb Pad or Left/Right Triggers while turning the Sega Dreamcast power ON. Doing so may disrupt the controller initialization procedure and result in malfunction. A month and a half have passed since the incident ...

September has come to Raccoon City, a small industrial city in the American Midwest. People are starting to forget the chaos at the mansion as their everyday lives return to normal.

The bizarre incident that occurred in the Arclay Mountains, the destruction of the special taskforce S.I.A.R.S., Umbrella corporation's secret biological weapons laboratory hidden in an old mansion, the power of T-Virus that turns humans and animals into horrible monsters ... how could it all happen here?

People could not believe the survivors' reports. Stories of their incredible experiences and of strange biological weapons and zombies were beyond the townfolks' imagination. The surviving S.I.A.R.S. team members headed to Europe even before the town heard the full details of what had happened.

They hoped it was all over. But then it happened again. Suddenly, a series of inexplicable murders occurred and a strange disease began invading neighborhoods.

T-Virus was flowing into the city ...

The invisible plague snuck up silently and turned the unsuspecting citizens into monsters.

People cursed their foolishness. But the nightmare had already begun ...

The future was out of their control.

Raccoon City was on the brink of collapse ...
